Tippy Toe Dance Studio

COVID Operational Policies

We will adhere to Oregon Health Authority and state mandated guidelines. In the event of a mandatory closure, we will provide a different learning platform to continue teaching the art of dance to our students. In the event of a performance cancellation, ongoing productions will be postponed. Any performance-related fees or payments are non-refundable.

We take the safety of our dancers and families very seriously. We understand that our students under 12 are vulnerable at this time, which is why our staff will do our part to encourage hygiene, proper masking wear, and procedure. However, we also worry about strenuous activity while covering your mouth and nose, especially for our high-skill level dancers.

After much thought, research, and guidance from the Oregon Health Authority, we have decided to follow the lead of other gym and dance facilities in our area by implementing the following policy for our business.

Students & Parents

- Please limit spectators to 1 per dancer, if necessary.
- Please wear your mask while inside our facility.
- We ask dancers to wear masks during class, but it will be acceptable for students to pull it down during socially-distanced strenuous activities as needed.
- Please do not participate in class if you or a direct household member are ill.

Staff Members & Building

- All Tippy Toe staff members are fully vaccinated.
- Staff will wear a mask while inside the facility.
- Employee travel will be monitored and isolation following travel will adhere to OHA guidelines.
- Lobby and studio spaces have been modified to allow for social distancing.
- All surface areas will be disinfected/sanitized regularly.
- Equipment will be sanitized immediately before and after use.
- Hand sanitizer, soap, tissues, and trash receptacles will be accessible throughout the studio and monitored for refill when needed.
